Resource Guide

2018

Dear Los Angeles County Residents:

I am pleased to provide you with our Center for Financial Empowerment Resource Guide. This resource guide provides a comprehensive list of organizations that provide a variety of financial well-being services to County residents. We, along with our partners, believe that effective financial empowerment can help families and individuals increase their financial security.

The Los Angeles County Board of Supervisors established the Center for Financial Empowerment to connect you with services and resources to help you make effective money management decisions. These services include access to safe and affordable financial products, one-on-one financial counseling, asset building, debt reduction, tax filing assistance, and credit repair. We work closely with government agencies, non-profit organizations, social enterprises, schools and universities to bring these resources together in a single place for your convenience. Please use this resource guide to locate organizations in your community that fit your needs to help you achieve your financial goals.

I hope you find this resource directory informative and useful. Should you have any questions or would like additional information, please call us at (800) 593-8222 or visit our website at dca.lacounty.gov. We look forward to hearing from you.

Best regards,

Brian J. Stiger, Director

County of Los Angeles Department of Consumer and Business Affairs

STEP 1

Make a Plan

Do you find it difficult to track your money? Take charge of your finances through the use of a budget.

Achieve your financial goals by creating a budget. A budget can serve as a plan that can help you:

- **Itemize your money**
- **Prioritize how you spend your money**
- **Pay off debt**

Pay off debt by either paying debt that has the highest interest rate first or pay the smallest debt with the largest payment possible, until paid off. Be sure to incorporate debt repayment into your budget. You should always pay more than the minimum balance on credit card bills. This will help you pay off the debt sooner.

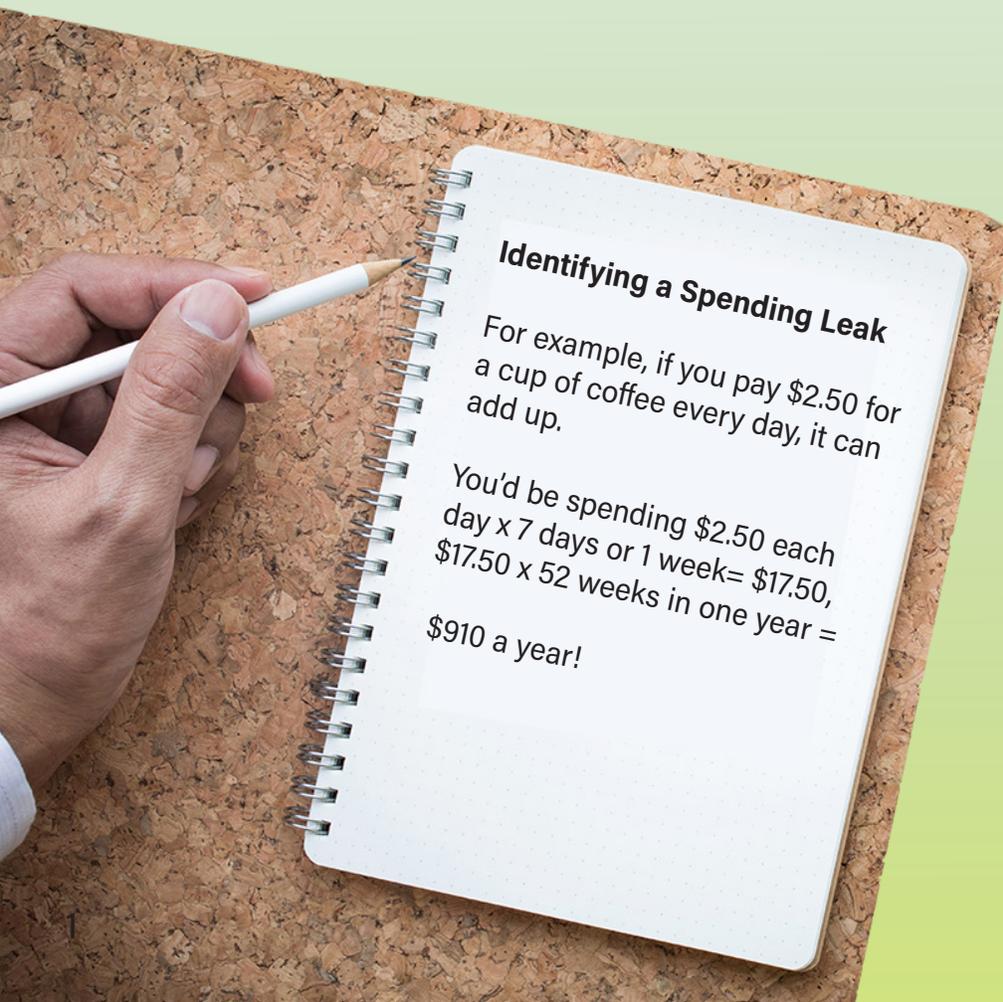

- **Identify spending leaks and stop them**

- **Pay your bills on time**
- **Build your emergency fund**

This means setting aside some of your income to cover unexpected expenses so you can avoid relying on credit and high-cost loans.

- **Set financial goals**

Set financial goals for your short term and long term future. Creating goals can help you turn your vision into reality.

>>> **Did you know?**

You can negotiate your due dates to match your income schedule? This can make it easier for you to pay on time.

Start Your Budget

*If your expenses are more than your income, reduce unnecessary expenses.
 If your income is more than your expenses, you can add more to savings.*

Ways to Improve Your Plan

Make your financial goals S.M.A.R.T.

Increase your income

- Have a yard sale
- Sell items online
- Ask your employer for additional hours to work
- Get a part-time job
- Turn a hobby into a part-time small business

Take advantage of public benefits

Did you know that stress due to financial problems can cause major effects to your health? The Los Angeles County Department of Public Health Office of Women's Health is here to help. They can provide individuals living in the County with referrals to free or low cost healthcare services and coverage options. You may call the numbers listed above for additional information or visit the office at: 3400 Aerojet Ave., El Monte, CA 91731. The office hours of operation are Monday - Friday from 8:00 am to 6:00 pm.

STEP 2

Save for your future

You are worth saving for. Find ways to stretch your dollars and still have room to save for your goals.

Life happens. It is important for you to be prepared for everything from unexpected expenses to financial emergencies such as unemployment. Emergencies are situations that affect your ability to earn money (for example, car repairs, household repairs or medical expenses.)

So, how can I be better prepared?

Build an emergency fund

You can start small and build an emergency fund of \$500. Put money away each month into a savings account until you reach your goal. Using automatic direct deposit makes it easier. Then try saving the recommended 3 to 6 months of living expenses. This will help you be prepared in case of a job loss or other emergency.

Save your tax refund

When you file your taxes, plan to have your refund deposited directly into your savings account.

Save for retirement

Taking advantage of retirement plans offered by your employer. If your employer does not offer a retirement plan, shop for a ROTH IRA or 401K plan with a bank or credit union

You should save as much as you can. Start with saving 10% to 15% of your income for retirement.

Save for goals

Starting a small business may be your dream. Have you ever thought about starting your own business, but don't know where to begin? The Los Angeles Department of Consumer and Affairs' (DCBA) [Small Business Concierge](#) can help. This program is a one-stop shop for prospective business owners who are interested in starting a business in the unincorporated areas of the County of Los Angeles. DCBA can provide general business counseling and more. Call (323) 881-3964 for more information.

Tip: Don't use savings for non-emergencies such as holiday or birthday items.

Save For Your Child's Future

A white piggy bank is positioned on top of a stack of three books. The piggy bank is glossy and has a small slot on its snout. The books are stacked vertically, with the top one having an orange cover and the others having white covers. The background is a solid green color.

ScholarShare 529, California's College Savings Plan, is here to help and wants to make a higher education accessible for all. Starting January 1, 2018, ScholarShare 529 is partnering with the Los Angeles County Department of Consumer and Business Affairs and community-based organizations throughout the state of California to raise awareness about a Matching Grant Program for families who make \$75,000 a year or less.

ScholarShare 529: A great plan for any student

A 529 plan is an investment account that offers families a way to grow their college savings tax free. The funds are used for qualified educational expenses including books, supplies and tuition at community colleges, trade schools and universities. To be eligible, families must be California residents, have valid Social Security Numbers or Federal Tax Identification Numbers, and earn \$75,000 or less annually. The beneficiary of the account must be 14 years of age or younger. For more information on ScholarShare529 visit <https://www.scholarshare529.com/> or call (800) 544-5248.

Dollar-for-dollar match and tax-free growth

The Matching Grant Program will give a dollar-for-dollar match up to \$200 to those families who open new accounts. Plus, families who enroll in an automatic monthly contribution plan of \$25 or more will receive another \$25! In addition to growing 100% tax free, savings in a ScholarShare 529 account will not impact eligibility for most state benefits, such as CalWORKs and CalFresh.

To learn more about the ScholarShare 529 Matching Grant Program and for additional information about eligibility, please visit <http://mgp.scholarshare.com/>. If you would like to speak with an agent, please call 1-800-544-5248.

STEP 3

Protect Your Money

You've earned your money. Using best practices can keep your money safe. Here's how you can avoid losing money.

Avoid costly fees

If you don't have a checking account to deposit a paycheck, you may be paying high check cashing fees that could amount to hundreds of dollars. For example, if a check cashing service charges you 3% to cash your \$1,000 check, you will pay a \$30 fee. Save time and money by directly depositing your paycheck for free which can make your money available on payday. You may also deposit checks by going to a branch location or using a mobile application at no cost. For more information on how you can open a low-cost checking account through BankOn Los Angeles County see page 7 or visit <http://dcba.lacounty.gov/bankon/>.

Keep your money safe

Your money could be lost during an emergency such as a theft, fire or natural disaster. Placing your money in a bank or credit union can help protect your money. Financial institutions can be insured up to \$250,000 by the following agencies: Federal Deposit Insurance Corporation (FDIC) if it is a bank, or National Credit Union Administration if it is a credit union.

Limit what's in your wallet

Limit and take inventory of what you carry in your wallet. Your wallet should only have the things you need, such as: your driver's license, cash, and a few credit cards. Do not carry your social security card or pin number in your wallet. Try to minimize personal information, in case your wallet is lost or stolen.

Review regularly

We make transactions everyday. It's easy to lose track and miss an unauthorized transaction. Check your monthly credit card statements or review your purchases online for charges you didn't make. Contact your bank immediately to avoid further transactions. You can prevent this type of [identity theft](#) by shredding bank statements and credit card offers, collecting your mail right away, and being aware of your surroundings. Identity thieves like to look over your shoulder when you're using an ATM or purchasing something at a your local coffee shop.

Additional Resources

Find out if you are in ChexSystems

ChexSystems is a nationwide specialty consumer reporting agency under the federal Fair Credit Reporting Act (FCRA). ChexSystems reports information on closed checking and savings accounts. Banks use this report to determine whether or not to open an account to someone who has negative information reported on ChexSystems.

You can get a copy of your ChexSystems report by visiting www.chexsystems.com or by calling (800) 428-9623.

Protect Your Money with BankOn Los Angeles County

You can open a low-cost checking account through BankOn Los Angeles County. BankOn Los Angeles County works with local banks and credit unions to provide low-cost checking accounts that serve as an alternative to expensive financial services. Some of the account features include:

- **Free check cashing services**
- **Low minimum opening deposit fee, \$25 or less**
- **No overdraft fees**
- **Free and unrestricted customer service**
- **Free online and mobile banking**

Don't have a social security number? BankOn Los Angeles County has options for you. Many of the banks participating in the BankOn Los Angeles County program accept different forms of identification including Individual Tax Identification Number (ITIN) and Consular IDs. Visit dcba.lacounty.gov/bankon for a list of checking accounts available to you.

STEP 4

Understand Credit

Determine why credit is important. Check your credit report to avoid identity theft and find out how you can work towards a healthier credit score.

What is credit?

Credit is when you borrow money with the agreement to pay it back later. Generally, it is paid back with a fee called interest. Maintaining a good credit report is important. Credit reports record how well you pay your bills. Some employers and landlords may request a copy of your credit report when considering your job or rental application.

How to establish credit

Three of the best ways to [get credit](#) and start building a good credit history are:

- Applying for a secured credit card
- Applying for a small loan with your bank or credit union
- Apply for a department store or gasoline credit card

Use credit wisely and build a good credit history

Don't max out your card. You will need to use your credit card to build a credit history but take it easy. Charge small amounts and pay in full each month. Paying only the minimum balance will cost you extra in interest charges.

Limit credit card use. You will hurt your credit score if you have a lot of credit cards near their credit limit. As you get closer to your credit limits, your credit score goes down. Also, applying for new credit cards lowers your credit score.

Pay your bills on time every month. If you pay late, it's reported to the credit reporting agencies and your credit standing suffers. Late payments to your landlord or your utilities can end up on your credit report too.

Review your credit report. Review your credit report at least once a year.

How to get a copy of your credit report

You can get a [free credit report](#) every 12 months from each of the three main credit reporting agencies:

- Equifax
- Experian
- TransUnion

You can ask for reports from all three credit reporting agencies at the same time, or order them one-by-one during the year. If you order just one every four months, you will have a free credit report all year long.

To get your free credit report contact:

Annual Credit Report Request Service
P.O. Box 105281, Atlanta, GA 30348-5281

Call toll-free (877) 322-8228 or visit www.annualcreditreport.com

Review your credit report

Check that your personal information (social security number, date of birth, etc.) is correct. Check that the accounts listed are yours and that the [payment history](#) and account balances are correct.

How do I correct errors?

Send a certified letter to the credit reporting agency and a copy to the business that reported the wrong information. For a list of items to include visit our website dcba.lacounty.gov.

Credit Building

Reducing credit card debt can help build your credit. Two popular strategies include:

1. High interest method focuses your extra dollars on paying off bills with the highest interest rate first. Even though it can take longer to feel the results, using this strategy may save you more money over time since debts with high interest rates accrue faster than lower interest debts would in the same amount of time.

2. Snowball method works by paying off bills from smallest balance to largest balance. When you pay off your debts using this method you start to clear little debts away very quickly which helps you create momentum. Many consumers find this strategy to be more empowering, though it may not save you as much money in the long run.

Keep balances low

Credit scoring models look at how close you are to being “maxed out,” so try to keep your balances low compared to your total credit limit. The general rule is to not use more than 30% of your credit limit. For example, if your credit is \$1000.00 don't use more than \$300.00 A revolving balance on your credit card doesn't help you reach a high score, so don't be afraid to pay off the full balance each month.

Do not open too many accounts at once

Only apply for lines of credit that you need. Every time you apply for a new account, your score could be negatively affected. If you apply for a lot of credit over a short period of time, creditors may think you're in a distressed financial situation and would be less likely to extend credit to you.

Credit Repair

Deal with debt

Ignoring or avoiding a debt collector usually won't stop them from contacting you. If you believe you do not owe the debt, you should tell the debt collector to verify that you owe the debt. If the debt is yours and you can't afford to pay it, you may be able to make arrangements with the debt collector including asking the debt collector in writing to stop calling you.

Resolve debt

Depending on your situation, you may have a number of options:

Work directly with the collection agency to pay the debt. Sometimes the collection agency will let you make payments or will accept a lower amount. Call our mediation unit at 1-800-593-8222 for free help to negotiate with the collection agency.

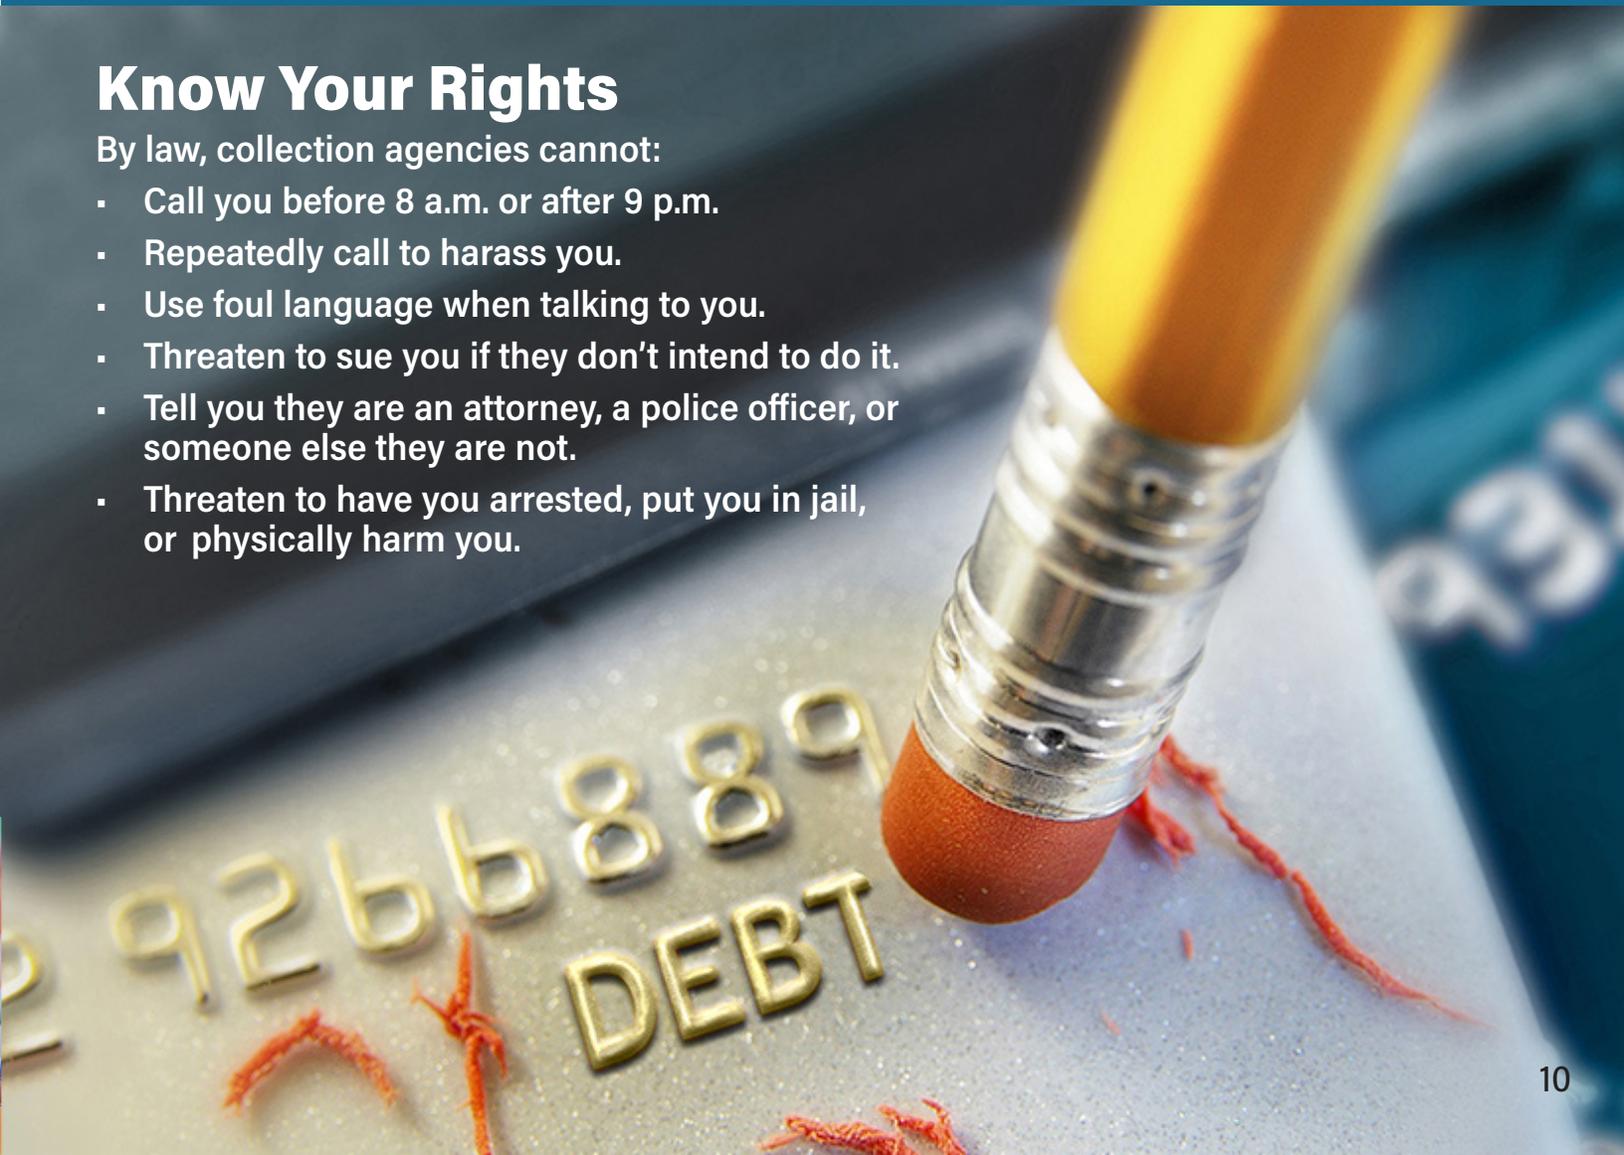

Beware of credit repair companies

Credit repair companies promise to improve your credit. They have no special powers to improve your credit. There is nothing they can do for you that you cannot do yourself. Paying them leaves you less money to pay your current bills and past debts.

Know Your Rights

By law, collection agencies cannot:

- Call you before 8 a.m. or after 9 p.m.
- Repeatedly call to harass you.
- Use foul language when talking to you.
- Threaten to sue you if they don't intend to do it.
- Tell you they are an attorney, a police officer, or someone else they are not.
- Threaten to have you arrested, put you in jail, or physically harm you.

STEP 5

Maximize Your Money

Find new ways to give your money a purpose and additional help. The following services are provided by local organizations to help you maximize your money.

Bankruptcy/legal aid services

Learn about chapter 7 and chapter 13 bankruptcy at workshops or get one-on-one assistance to review your personal debt. Get legal assistance by attending a legal clinic or educational workshop.

Consumer protection

Speak with a counselor and learn about your rights and responsibilities as a consumer. If you are a victim of a scam, fraud or identity theft you might be referred to an investigative unit to try to recover any losses.

Credit building

Learn how to establish a positive credit history (even for individuals with no credit history) or improve your credit by opening small dollar installment loans or a secured credit card.

Credit counseling

Learn how to manage and reduce debt. Counselors can assist in developing a plan to improve your credit score by helping you review your credit report.

Debt collection

Get information about laws that can help you protect yourself against debt collectors, the litigation process, wage garnishments, and how to get a debt settlement or repayment plan.

Financial education

Participate in one or more workshops to learn about safe and affordable financial products (checking and savings accounts), saving, managing credit, reducing debt, and more.

Financial coaching

Meet regularly one-on-one with a financial coach to help you establish and work to meet financial goals. A financial coach will help guide, support, and motivate you to achieve long-term positive financial outcomes.

Financial counseling

Discuss specific financial matters such as household budgeting or managing credit in a one-on-one session with a counselor.

Free tax assistance

Tax preparation assistance programs help low to moderate income individuals and families file their tax returns at no cost. Find out what tax credits you qualify for such as the Earned Income Tax Credit (EITC) and Child Tax Credit (CTC).

Homeownership investment/foreclosure prevention

Find opportunities to invest in a home by connecting with first-time homebuyer programs. Foreclosure prevention programs help homeowners work with lenders to identify options to avoid foreclosure. They also help tenants renting a home that are at risk of foreclosure.

Incentivized savings programs

Start saving towards your financial goal by participating in an incentive savings program. Also, learn about various savings programs such as the scholar savings programs (529 plans), and individual development accounts (IDAs).

Safe & affordable financial products

Get guidance on transitioning from high-cost alternative financial providers such as check cashers and payday lenders to low-cost and low-risk financial services. This can include opening a checking and savings accounts.

Small business development

Get connected to financial services such as loans, savings, insurance, and remittances for entrepreneurs and small businesses.

Career development

Get help to find a job or start a career. Also, learn about services from county and state agencies, adult schools, community colleges, and others.

Other financial services

Some of the organizations in this resource directory provide additional services and programs. Check the organization profiles for more information.
