Information for Property Owners
Last updated 2/4/20

There is currently a [Temporary Rent Stabilization Ordinance](#) in effect until **March 31, 2020** in the unincorporated areas of Los Angeles County. Rent stabilization is a local law that standardizes the amount of rent increases and extends eviction protections. [Contact us for more information.](#)

The County of Los Angeles Board of Supervisors approved a [Permanent Rent Stabilization Ordinance](#) for eligible rental units in the unincorporated areas of Los Angeles County which will become effective on **April 1, 2020**.

Here's what the permanent ordinance means for rental property owners like you:

- An annual cap of up to 8 percent (tied to the Consumer Price Index) on rent increases. Some exemptions apply.
- Rent increases must be based on the legal "base rent" a renter was paying on September 11, 2018 or when the tenancy began.
- A process for you to request to temporarily or permanently increase rent above the annual cap if you believe you are not receiving a fair return on your property.
- A process for you to pass through a portion of the costs for certain property improvements or renovations to renters.
- If you own 50 or fewer rental units, you may pass on the direct cost of the Measure W parcel tax to renters (approved by voters in the November 2018 election). This cost is separate from rent increases.
- You may only evict renters for specific "[just cause](#)" reasons, even if your unit is not covered by the rent restrictions in the Ordinance.

Note: These units may still be subject to State rent restrictions/limits.

- You may have to provide renters relocation assistance for [no fault evictions](#) and certain temporary displacements.
- You must register your rental units annually and document changes in tenancy, rental rate, and amenities.

To find out if a property is in an unincorporated area of Los Angeles County, visit the Los Angeles County Register-Recorder/County Clerk website <https://lavote.net/apps/precinctsmaps> and select "District Map Look Up By Address".
