

# GET VACCINATED

# GET PAID

**Most workers in LA County must get PAID LEAVE from their employer to receive a COVID-19 vaccine.**

**LA County's Vaccine Paid Leave Law & California Labor Code 248.2** allow workers of ALL large businesses\* across LA County, and ANY business in unincorporated LA County to get paid leave from work to get their COVID-19 vaccine doses.

State law provides 80 hours of paid sick leave for COVID-related purposes, including vaccines.

County law adds four more hours, per dose, for workers in unincorporated areas who used up the 80 hours or were not eligible for them.

**Ask your boss for a vaccine break today.**  
Call **(800) 593-8222** to report possible violations.
