The County of Los Angeles enacted a [Rent Stabilization Ordinance](#) for rental properties in unincorporated area of Los Angeles on **April 1, 2020**. Rent stabilization is a local law that standardizes the amount of rent increases and extends eviction protections

Here is what the ordinance means for property owners like you:

- **LIMIT ON RENT INCREASES*** An annual maximum cap for rent increases as determined by the County based on the Consumer Price Index and shall not exceed 8%. Some exemptions apply.
- **JUST CAUSE EVICTIONS*** A provision requiring a “just cause” reason for evictions, even if the unit is not covered by the rent restrictions in the ordinance. Note: These units may still be subject to State rent restrictions/limits.
- **REGISTRATION** A requirement for property owners to register all rental units annually and include changes in tenancy, rental rate, and amenities.
 - **Annual registration fees have been waived until January 1, 2022 and may be waived further by the Board of Supervisors**
- **RELOCATION ASSISTANCE** A provision requiring relocation assistance for “no fault” evictions* and certain temporary displacements.
- **FAIR RETURN*** A process to request an additional rent increase because of significant changes to net operating income.
- **PASS-THROUGH COSTS*** A process for property owners to pass through a portion of the costs to renters for certain fees, property improvements, or renovations.
- **MEASURE W** A provision that allows property owners with 50 or fewer rental units to pass on the direct cost of the Measure W parcel tax to renters (approved by voters in the November 2018 election). This cost is separate from rent increases.
